ATI ICD OPERATIONS ADVISORY

Dec. 08, 2014

Please be advised that effective 0800Hours today, December 08, 2014, ATI Inland Clearance Depot had temporarily suspended its container yard operations due to incoming typhoon "Ruby" (International name: "Hagupit"). As advised by the Philippine Atmospheric and Geophysical and Astronomical Services (PAG-ASA), this typhoon has winds of 120kph and gustiness of 150kph. Furthermore, Laguna had been declared under signal no. 3.

Please bear with us during the disruption in our operations brought by this typhoon. Rest assured that ATI ICD is keen in promoting safety practice to ensure protection of your people and cargoes at the yard.

We shall be posting further advisories on resumption of operations.

Feel free to get in touch with ICD Operations Team:
